Dear Mr. Prouty:

I have reviewed the revised contingency plan for the referenced facility submitted to our department on December 19, 1990 and have the following comments:

1. Page 2 - It appears Section D. Police Department and a portion of the first sentence has inadvertently been deleted.
2. Page 5 - The second and third numbers of the telephone number in item V.E.1.b. are transposed.
3. Page 5 - The telephone number in item V.E.1.c. needs to be changed to 1-296-1500.
4. Page 6 - Item VI.E.1.c. See comment number 3 above.
5. Page 7 - The phrase "Region VII Regional Administrator" in Item VIII.E. should be changed to "Secretary of the Kansas Department of Health and Environment".

The revised contingency plan is acceptable provided the corrections stated above are incorporated into it. An updated copy of the contingency plan should be maintained at the facility and sent to all local police departments, fire departments, hospitals and emergency response entities that may be called upon to provide emergency services. Copies should also be sent to all holders of the Part B application.
